

On this 8-hour seminar teachers learn how to use film and video critically and creatively in the language classroom. The seminar language is English but the seminar is also suitable for teachers of other languages.

Course content

There is a focus on how short films and video can be used in the classroom and sessions deals with the following themes:

- Using film and video to help students learn vocabulary
- Using film and video to foster oral communicative competence
- Using film and video to foster written communicative competence
- Using film and video to foster empathy
- Digital film-making in language teaching and learning
